

Discover why more surgeons are choosing SurgiFish® over other viscera retainers.

SurgiFish®
VISCERA RETAINER

Free Offer!

Greer Medical, Inc. has designed and patented the first and only **"one-size-fits-all-incisions"** viscera retainer for abdominal closures.

SurgiFish® is smooth, pliable, yet retentive, providing excellent retraction of the bowel and omentum right up to the very last inch of the incision by reversing and using the tail portion of the device.

More and more hospital's are including SurgiFish® in their laparotomy packs.

SurgiFish® is latex free, radiopaque and costs less than other viscera retainers on the market.

To find out more about the SurgiFish® Viscera Retainer visit www.greermedical.com or call 1-800-424-2155 to receive a free SurgiFish®.

For faster, easier and safer abdominal closure.
